RUSH-TIME DATED
MAY–JUNE 1982

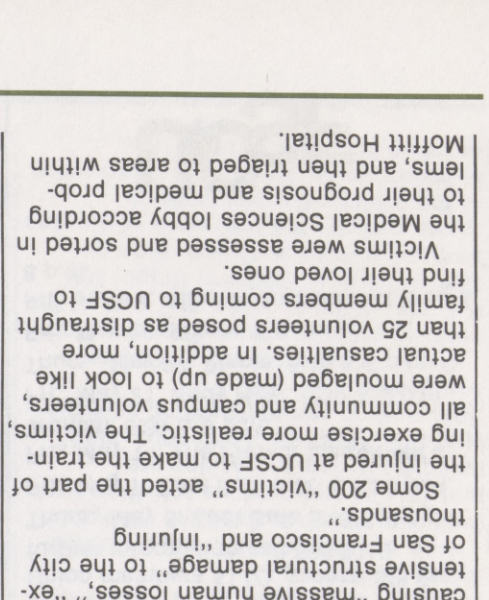
Disaster Exercise Held

UCSF participated in a city-wide disaster exercise on Wednesday, April 21. Organized by the S.F. Office of Emergency Services, the Health Department and the West Bay Hospital Conference, the drill commemorated the Great Quake of 1906 by testing how prepared S.F. hospitals are in responding to an actual disaster.

The "disaster" exercise assumed an earthquake of 8.3 on the Richter scale happened along the San Andreas Fault, causing "massive human losses," "extensive structural damage" to the city of San Francisco and "injuring thousands."

Some 200 "victims" acted the part of the injured at UCSF to make the training exercise more realistic. The victims, all community and campus volunteers, were moulaged (made up) to look like actual casualties. In addition, more than 25 volunteers posed as distraught family members coming to UCSF to find their loved ones.

Victims were assessed and sorted in the Medical Sciences lobby according to their prognosis and medical problems, and then triaged to areas within Moffitt Hospital.



Edwards to Speak at King Day May 21

The neighborhood is invited to attend ceremonies celebrating Martin Luther King Day on Friday, May 21 in the Millberry Union Gym, 500 Parnassus Avenue, from noon to 1 p.m.

Harry Edwards, PhD, associate professor of Sociology at UC-Berkeley, will be the guest speaker at this annual event, which is sponsored by the UCSF Black Caucus and co-sponsored by the Black Students Health Alliance, the Office of Public Service Programs, and the Committee for Arts and Lectures, all at UCSF.

Edwards, who deals with the sociology of sports and blacks' participation in sports, was credited for the raised fists of the American black athletes at the 1968 Olympics in Mexico City. He is the author of five books, including *The Struggle That Must Be, Sociology of Sports* and *The Revolt of the Black Athlete.*

Tenor Charles Cannady, a UCSF employee, will perform for this special program commemorating the origin of the UCSF Black Caucus.

New Cafeteria Hours

Late visitors to patients in the UCSF hospitals may now eat dinner at the Moffitt Hospital cafeteria, 2nd floor, 505 Parnassus Avenue, until 7:30 p.m.

Mealtimes at the cafeteria are: breakfast, 6:30 to 10:30 a.m.; lunch, 10:45 a.m. to 2 p.m.; and dinner, 3:45 to 7:30 p.m.

Individuals who prefer to take their food out of the cafeteria can use a complete disposable service which includes plastic flatware, paper dishes and trays.

May & June, 1982, Vol. VII, No. 3

You've Got a Friend . . . Hospital Week, May 9-15

The UCSF Hospitals and Clinics will observe National Hospital Week, May 9 to 15, with special tours for the neighborhood and the campus community. The tours will show the "hidden" hospital — various departments and divisions where employees perform "behind the scenes" tasks with which most people are unfamiliar.

The tour schedule is:

Mon.: Materiel Services, noon–12:30 p.m.; Laundry, 12:30–1 p.m.

Tues.: Research and Development, 11:30 a.m.–noon; Nutrition and Dietetics, noon–12:30 p.m.

Wed.: Nutrition and Dietetics, 11:30 a.m.–noon; Materiel Services, noon–12:30 p.m.; Clinical Labs, 1–1:30 p.m.

Thurs.: Research and Development, noon–12:30 p.m.; Pathlogy, 12:30–1:30 p.m.

Fri.: Medical Records, noon–1 p.m.; Laundry, 12:30–1 p.m.

For exact room locations please call 666-1401.

In addition, a special eight-page newspaper with the theme "You've Got a Friend in the Hospital," featuring these and other departments, will be available in the lobbies of Medical Sciences, 513 Parnassus Avenue; Moffitt Hospital, 505 Parnassus and the Ambulatory Care Center, 400 Parnassus. Photos of these departments also will be displayed in the Moffitt and Medical Sciences lobbies.

The same week, Nurse Appreciation Month will be observed by UCSF's Nursing Services. A display will be exhibited adjacent to the Hospitals and Clinics display.

Playground Remodeled

UCSF's Langley Porter Psychiatric Institute (LPPI) dedicated its newly remodeled children's playground in April.

The playground is used by patients of the LPPI Child and Adolescent Service, which provides diagnostic and evaluative services, as well as brief treatment, for severely disturbed children up to the age of 14. As many as 12 children at a time live at the center for brief periods of inpatient therapy.

Several donors including the Bothin Helping Fund, the Morris Stulsaft Foundation, the Transamerica Corporation and the Senior Citizens of Alameda, contributed funds. In addition, money was raised by members of the LPPI staff through bake sales and individual donations. Total donations amounted to $34,600 with staff employees themselves contributing $3,000.

We Need Your Rentals

UCSF is experiencing difficulty locating housing for its students, faculty and staff. All types of rentals are needed, including private rooms, studios, apartments, flats and houses—permanent rentals and sublets. If you have any rentals available, please call the UCSF Housing Office at 666-1426, Monday to Friday, 8 a.m. to 5 p.m.

Health Education for S.F. Schools

UCSF and five health agencies in the city have joined forces to present health care information to public, private and parochial schools in San Francisco.

The agencies are the American Heart Association, American Lung Association of S.F., American Cancer Society, American Red Cross and the March of Dimes. The cooperative venture was initiated by UCSF's Office of Public Service Programs, directed by Tom Gwyn.

Each has contributed $2,000 to the Office of Public Service Programs to fund a resource directory for school health education. The material will form curricula for some 59,000 San Francisco public school students from kindergarten to the 12th grade, and for some 28,000 students in private schools.

The S.F. School District will provide an additional $3,000 to print extra copies of the directory and to fund planning meetings for teachers and in-service workshops.

In addition, an Advisory School Health Committee has been appointed and will present a health fair on Tuesday, May 25, for the students at the Ben Franklin Middle School. This will be used as a model for a future city-wide health fair.

New Hospital Floors Named

The UC Regents have approved the naming of several facilities in the new Joseph M. Long Hospital.

- The cancer treatment facilities have been named the "Walter A. Haas, Jr. Radiation Oncology Pavilion," in appreciation for the commitment of half a million dollars by the Evelyn and Walter A. Haas, Jr. Fund towards its construction. The first patients were treated in March. When completely installed it will be the most modern radiation oncology unit in the western U.S., including CAT scanning for radiotherapy treatment planning, isotopic immunotherapy, radiation sensitizers and hyperthermia. Patients have been treated since March, although the unit will not be fully operational until Fall.
- The surgical floor of the new hospital has been named the "Francis A. Sooy, MD, Surgical Suite." Long, principal benefactor of the new hospital, has added a $780,000 gift for the surgical suite to supplement his original $2,500,000 gift four years ago. The modern surgical floor will include 19 operating rooms—some especially designed for heart surgery and neurosurgery, and is expected to be in full operation by December of this year.

Other facilities named by the campus and approved by the Regents include:

- Treatment/conference room in the Pediatrics Service in honor of Joseph and Stephanie Koret, co-founders of the Koret Foundation;
- Family waiting area in the Herbst Emergency Service in honor of the Crocker National Bank Foundation;
- Family waiting area in the Physical Medicine Department in honor of the Fireman's Fund Insurance Company Foundation;
- Diagnostic procedures suite in the Adolph A. Kutzmann Urology Service in honor of the Harvey L. and Maud C. Sorensen Foundation.
